DECISION No 2/1999

of the Joint Committee of the Free Trade Agreement between the Slovak Republic and the Republic of Latvia on Amendments of the Protocol 3 to the Free Trade Agreement between the Slovak Republic and the Republic of Latvia

The Joint Committee

Having regard to the Free Trade Agreement between the Slovak Republic, of the one part, and the Republic of Latvia, of the other part, signed in Riga on April 19, 1996 and Protocol 3 to this agreement concerning the definition of the concept of „originating products“ and methods of administrative cooperation,

Having in mind provisions of Article 38 of the Free Trade Agreement between the Slovak Republic and the Republic of Latvia,

Whereas within Protocol 3 the definition of the term „originating products“ needs to be amended to ensure the proper operation of the extended system of cumulation which permits the use of materials originating in the European Community, Poland, Hungary, the Czech Republic, Slovakia, Bulgaria, Romania, Latvia, Lithuania, Estonia, Slovenia, Turkey, Iceland, Norway and Switzerland,

Whereas it would seem advisable to revise the Articles 21, 26 and 30 of this Protocol 3 concerning the amounts in order to fully take into consideration the entry into force of the euro,

Whereas taking into account of changes in processing techniques and shortages of certain raw materials some corrections must be made to the list of working and processing requirements which non-originating materials have to fulfil to qualify for originating status,

has decided as follows:
